Elyse and Henry De Corah live in Cedar Rapids. If the last name looks familiar, it's because they are the family of Ellis House owner and our host tonight, Rob De Corah! Drew Evans lives in Marion, IA. Drew owns Chainbreaker Welding, LLC, and is an amazing Sculpture Artist, creating larger than life sculptures from bicycles and bicycle parts. Drew, fortunately, has not had anyone very close to him have cancer...yet. As a welder, cancer is at the top of his mind. It's the reason that he spends much of his work day with a respirator strapped to his face. It's the reason why, at his last job, he fought for implementing respiratory safety protocols despite significant pushback from management. He was able to strongly convince that company to invest in a fume extraction system and a PAPR (powered air purifying respirator), as well as conduct air quality testing and monitoring within the facility.
